

Port Bus Farm Tour

with Port Bus

Saturday 11th September 2021

Tour Summary:

All Aboard Port Bus for our Farm Tour this September. First stop is Chef2Farmer.

At **Chef2Farmer**, they are a 100% pasture raised farm using regenerative practices, located in Ballengarra, just 25 minutes North West of Port Macquarie. **Chef2Farmer** specialises in producing premium quality, pasture raised beef, chicken, pork and eggs. We believe our produce reflects the natural methods we deploy and is nutrient dense, but most of all, delicious and chemical free straight from our farm to your table. **Chef2farmer** goes a step further as we have an extensive background in the hospitality industry and understand the cooking process, taste and quality of produce.

Onto **Oxhill Organics**. The farm is situated just outside of Wauchope on the mid north coast of NSW, on the beautiful Hastings River. The family has been farming there for four generations. Crop rotation, time control grazing and application of various inputs to create healthy soils, cows and chickens are the main driving forces behind the production of their organic products. Supplying Organic Milk, Organic Eggs, Organic Beef, Organic Compost & Education.

Last farm stop is at **The Davis Farm**. A small-scale working Family Farm showcasing self-sufficient and sustainable living. They invite people to explore their gardens of fresh produce and interact with the animals while reconnecting with where their food comes from. By creating a respect for food and an emotional connection to what it takes to provide food, hopefully they can help create a community that strives to buy locally, choose cruelty free meat, and create zero waste.

Highlights:

- Chef2Farmer at Little Eden
- Oxhill Organics
- The Davis Farm
