

Gardens & Nurseries

Day Tour with Port Bus

Thursday 8th September 2022

Tour Summary:

Greenpatch Organic Seeds began in the foothills of Wherrol Flat in 1993. Having excellent red soils and a permanent crystal-clear creek it was the perfect place for Greenpatch to bury its roots. From the beginning, Greenpatch has made a unique approach to not only selling seeds but growing seeds and plants organically. They are dedicated to organic principals in all aspects of the farm and making it as sustainable as they possibly can. They currently grow 230 varieties of seeds and propagate 500 varieties of plants on site.

Nature's Care Nursery has been helping people create beautiful, thriving gardens since 1988. There are more than 20 people with disability involved in all aspects of the Nursery – from plant propagation right through to retail sales.

At Wingham Nursery & Florist, they sell fantastic flowers, a wide range of trees & shrubs, luscious indoor plants, garden supplies, and great gifts to customers on the Mid North Coast. Whether you want to send a bouquet of roses to your partner, buy some seedlings, seed potatoes or spring bulbs for your backyard, or beautify your home with ornamentals, They have got what you need.
