CARS N TOONS
with Port Bus to Coffs Harbour
Friday 2nd May 2025

The Holden Car has a unique place in the hearts of all Australians.

Can there be an adult Australian who has never driven a Holden? Or at least ridden in one.

The Holden Museum is dedicated to preserving the models and their memories. From the day the first Holden 48-215(FX) emerged from the production line, Holden arose to become the colossus of the Australian Motor Car Industry.

Take a walk down memory lane and through the history of a company that put our nation on wheels. Our visitors can enjoy sheer nostalgia as they relive the days when Holden played a central role in their childhood, dating, or early married years. It has helped us work through decades of the harshest conditions.

The Holden, as an Aussie Icon, rates right up there with the Kangaroo, Ayers Rock, and Vegemite.

The National Cartoon Gallery @The Bunker is Australia's first and only dedicated cartoon art gallery.

It is the custodian of the Coffs Cartoon Collection of well over 23,000 cartoons from leading Australian and international cartoonists.

The Gallery is housed in an authentic underground WWII bunker that has been converted to a funky exhibition space.
